

RED PIMIENTO

Company

Red Pimiento is an international agency (located in the center of Amsterdam). We design accessories, trade marketing concepts and communication campaigns that push our clients' products into the lime light. We offer an end-to-end service solution: from initial concept sketch to final delivery. We are specialized in developing high-end accessories and premiums for a wide and expanding range of A-brands, like:

Nikon SAMSUNG  Logitech  **PHILIPS SONOS** and many more

To strengthen our fast-growing team we are looking for a :

PRODUCT/ INDUSTRIAL DESIGNER (FULL-TIME)

JAPANESE NATIVE SPEAKER

Offer

We offer a creative position in a fast growing dynamic marketing environment with the opportunity to work for large international clients supported by an enthusiastic, young and dedicated team.

Who are we looking for?

A talented and creative Industrial designer, with a strong portfolio of innovative projects. Someone with a passion for design, who is highly motivated, organized and can keep overview in a fast-paced environment. You have strong communication skills, are a team player with an outgoing personality but can also work independently.

You will be involved in the entire design cycle from ideation to mass production. This includes new product ideation, advanced conceptualization and guiding sample production. Furthermore, you will propose new and exciting initiatives for global clients and work alongside engineers, product managers and designers to fulfill demanding briefs.

Your profile

- Degree in Industrial Design + up to 3 years design experience.
- Excellent knowledge of Photoshop, experience with Illustrator and InDesign.
- Experience with CAD-software, preferably SolidWorks.
- Affinity with fabrics and textiles.
- Knowledge of production techniques and processes.
- Capable of multi-tasking and managing multiple priorities.
- Willing to learn and take responsibilities.
- Customer focused.
- Work well under pressure with strict deadlines.
- Fluent in English & Japanese
